MAGALIES GERMAN SHEPHERD DOG CLUB

CHAIRPERSON'S WELCOME:

Dear German Shepherd Dog Friends

It is with great pleasure that I welcome all exhibitors to the **Magalies Breed Show 2024!** Thank you for entering.

It is my pleasure to welcome our breed judges, **Mrs Lorraine van Loggerenberg** and **Mrs Sonia van Kraayenburg**. We are grateful that you have accepted our invitation and we trust that you will enjoy our show with us. It is certainly our privilege to have you. In addition, we would like to thank one of our apprentice breed judges, **Ms Michelle van Loggerenberg**, for accepting our invitation to judge our Puppy "Future Stars" Classes under 6 months of age.

We would like to thank our main sponsor, **Nutribyte | Nutrimed**, for their generous sponsorship despite such difficult economic times. It would have been impossible to host this show without their support. We urge exhibitors to consider **Nutribyte** Premium Dogfood. Those who feed **Nutribyte** can vouch that it is certainly the best value for money premium dogfood on the market today. **Nutrimed** provides a diverse range of premium therapeutics and supplements, all fully endorsed by our team.

We thank all the additional sponsors who so kindly supported us. I refer you to the catalogue in which their names and advertisements appear. We are truly grateful to each and every one of you.

I would like to extend a special word of thanks and appreciation to everyone who worked so hard to make the show possible. I am proud to be part of such a great team.

Good luck to all exhibitors and I sincerely hope that you enjoy the show.

Yours truly,

Club Chairperson (on behalf of the Club Committee)

THE GERMAN SHEPHERD DOG FEDERATION OF SOUTH AFRICA

MAGALIES GERMAN SHEPHERD DOG CLUB

MEET OUR BREED SHOW JUDGE FOR FEMALES:

Lorraine van Loggerenberg is a familiar face in the GSD world. She has been involved in breeding and showing GSD's for over 24 years and she has visited a number of clubs as a competitor as well as a Judge.

Lorraine qualified as a Senior Breed Judge in 2022 and as a Breed Surveyor in November 2023 - we wish her all the best going forward.

Lorraine started breeding under the kennel name Zagroshill with her mother Kathy Hume and Partner Maria da Silva. Lorraine, with her husband Nico and her mother Kathy, registered the kennel name Keashan in 2005 producing the first A litter on 1 May 2005. The kennel name Keashan is a combination of both Lorraine's children names namely Shannon and Keagan. Keashan kennels achieved Diamond Breeder status in 2019.

Lorraine's first big success was obtaining a VA(SA) grading with her bitch, Eicha of Zagroshill in 2003. To date the Keashan kennel has bred four VA(SA) females, namely Havoc, Rebel, Buffi and Izzy.

MEET OUR BREED SHOW JUDGE FOR MALES:

Sonia van Kraayenburg was born and spent her childhood in Port Elizabeth. She grew up with Boxers and the closest contact with German Shepherds was a white “Alsatian” cross belonging to a neighbour! The first show she attended was after she met Frikkie. Nothing the judge said in his critiques was understood, but she was fascinated by the success of the best breeders of the time who were running about with rosettes pinned to their chests. After a few questions about the anatomy, listening intensely to what the judge said and correlating his comments to what she saw, the bug had bitten.

She picked her first puppy from the “B” litter, and Benita was the first “V” dog bred by the kennel. After getting married she took over the day to day running of the kennel. In 1987 she had the daunting task of going to Germany for the first time to buy a stud dog and three brood bitches. Fimo aus der Eremitenklause and Amsel von der Kahler Heide put Grehenheim on the map, Amsel having produced three South African VA bitches.

Grehenheim is currently the only kennel to have been awarded a Quadruple Diamond Breeder’s Medal. Sonia qualified as GSD Federation Breed Judge in August 1998 and as a Breed Surveyor in October 2006.

By profession she is a qualified PRO and together with overseeing the day-to-day operations of the Federation Administration, runs a luxury boarding facility, Pet Apartments together with Frikkie.

Sonia is passionate about training new breeders and the couple have written two books about breeding GSDs.

“Wishing all competitors a super show and remember – in our system, gradings are all important. If your dog gets a grading of good or very good (SG) – even if it stood last: it means just that. You have a special dog, not one that barely makes the grade!”

THE GERMAN SHEPHERD DOG FEDERATION OF SOUTH AFRICA

MICHELLE & BARBARA VEENEMANS

RASSIE & MARGOT ERASMUS

Dear Nutribyte Family,

We are privileged to extend our heartfelt gratitude to all our loyal clients who have been instrumental in our growth and success. Your unwavering support has enabled us to provide top-quality nutrition to thousands of dogs and cats across South Africa and abroad.

In 2024, we undertook significant operational enhancements, including transitioning our entire production to two highly respected and accredited facilities. This strategic move aims to ensure a stable supply chain, accommodate growing volumes, and optimize quality—all while maintaining our unique and trusted recipes.

We have diligently refined our manufacturing processes, focusing on critical details such as expansion, kibble bulk density, cooking temperatures, and water activity. These improvements are pivotal in enhancing digestibility, reducing stool size, and delivering greater value for your money.

This year also marks the launch of an exciting addition to our brand: the Advanced Alternatives range. This new range offers distinctive and straightforward recipes suitable for all life stages and breeds, providing alternative formulations to mainstream diets that may cause intolerances. Keep an eye out for the first variant in the Advanced Alternatives range: Turkey & Barley. More innovative options will be introduced soon!

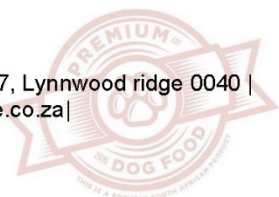

Furthermore, we are pleased to announce the development of our ERP system, featuring a comprehensive B2B Nutribyte Portal. This portal will enable you to place orders, view promotions, take advantage of special offers, and stay informed with the latest news and updates.

Please stay connected with us through our Facebook page, Instagram, and our soon-to-be-launched brand-new website!

Thank you for your incredible support and trust in Nutribyte, as we continue to offer the best nutrition for your furry friends.

Kind regards,

Marko Botha

Nutrimed
BALANCING SCIENCE AND NATURE

Dear Nutrimed Family,

As we approach the third quarter of 2024, I find myself reflecting on the incredible achievements we've made in just three years.

Since opening our doors in 2021 with a modest offering of 10 products, we have expanded our portfolio to an impressive 29 products formulated to address a wide range of health conditions affecting pets worldwide. Each product is meticulously formulated, combining nature's finest remedies with evidence-based scientific dosages.

Our success is the result of countless hours of innovation, research, and perseverance. These efforts have enabled us to create some of the best nutraceuticals in our world-class facility. Ongoing teamwork and training have equipped us to handle increased production demands while adhering to international quality standards and exploring new and cutting-edge advancements.

In 2024, we welcomed numerous new team members across various departments, including final product quality control, production, maintenance, procurement, and compliance. We are proud to contribute to the growth and upliftment of the South African workforce.

For the remainder of 2024, we will focus on structural improvements at our facility to enhance food safety compliance and prepare for higher certification levels. Concurrently, we are planning significant expansions into tableting, gels, creams, suspensions, down-packing, packaging variety, and automation of various production lines.

This year has been both the most exciting and the most challenging for us, and we eagerly anticipate sharing our journey and achievements with you by year-end.

None of this would be possible without the unwavering support of our loyal customers and contract manufacturing clients. We are deeply grateful for your continued trust and partnership.

Please stay connected with us through our Facebook page, Instagram, and our soon-to-be-launched brand-new website!

Kind regards,

Marko Botha

****All prize winners are invited to report to the Photo Booth Podium on the day.***

Please Note:

Time allocations are only a rough estimate and may change on the day, as needed.

MAGALIES GERMAN SHEPHERD DOG CLUB

AWARDS:

- V:** **Excellent** – awarded to dogs and bitches over 24 months of age who meet the strictest Breed Standard requirements regarding construction, appearance, temperament and breeding requirements including the official “A” stamp on the pedigree.
- SG:** **Very Good** – awarded to dogs and bitches over the age of 12 months and who meet the Breed Standard in most requirements regarding construction, temperament and breeding requirements.
- G:** **Good** – awarded to dogs and bitches over the age of 12 months with small failures regarding construction, appearance and temperament but that largely meet the Breed Standard requirements, or to dogs and bitches not as yet sufficiently developed.
- A:** **Sufficient** – awarded to dogs and bitches over the age of 12 months with noticeable faults in construction or appearance or those that show a negative response to gunshot.
- M:** **Faulty** – awarded to dogs and bitches over the age of 12 months with prominent faults.
- U:** **Insufficient** – same as for “M” but to a greater degree. When this grading is awarded to any dog or bitch at a breed show, the Federation Office must be notified immediately by the Show Holding Committee. The reason for the award must be clearly stated. This grading can only be overturned by participation in a Breed Show. This procedure will not influence valid grading previously obtained in a show ring.
- Dogs showing bad temperament and those that are scared or nervous may only be given “M” or “U”.

Dogs and bitches under the age of 12 months cannot be graded and will be described by the Judge as “**Very Promising**”, “**Promising**”, or “**Less Promising**”.

Suitable for all life stages.

Kibble Size: 13mm
Even Coating
Crunchy Inside
Finest Milling
Increased Fat Absorption

Formulated to meet and exceed the requirements of dogs of all breeds and all life stages. Using limited alternative ingredients like turkey, barley and peas Advanced Alternative Turkey & Barley is a great alternative for dogs with skin & digestion sensitivities on mainstream ingredients. Specialised feeding schedules for every life stage and breed size.

AVAILABLE IN THESE SIZES:
1.5kg | 4kg | 8kg | 20kg

Please see page 16 for a recommended feeding schedule for this diet.

Immune Support
Optimised, balanced vitamins & minerals

Weight Management
Specialised feeding schedules & L-Carnitine

Digestive & Skin Support
• Alternative proteins, carbs & fibres
• Optimal Omega 6:3 ratio
• Higher levels of DHA & EPA

INGREDIENTS:
Turkey meat meal (25.5% min), barley, rice, peas, poultry fats & oils, hydrolysed ostrich liver, pea fibre, beet pulp, inulin, cold water fish oil, kelp powder, potassium chloride, salt, kaolin, mannan-oligosaccharides, glucosamine, taurine, l-carnitine, chondroitin, vitamin A supplement, vitamin D supplement, vitamin E supplement, vitamin C supplement, zinc sulphate, ferrous sulphate, manganese sulphate, niacin, calcium pantothenate, thiamine mononitrate, copper sulphate, riboflavin supplement, vitamin B12 supplement, pyridoxine hydrochloride, folic acid, calcium iodate, sodium selenite.

GUARANTEED ANALYSIS:

Crude Protein	24% (min)
Moisture	10% (max)
Total Fat	12% (min)
Fibre	4.5% (max)
Ash	7% (max)
Calcium	1.15% (max)
Phosphorus	0.8% (min)
Ca:P Ratio	1.2:1
Omega-6 Fatty Acids	3% (min)
Omega-3 Fatty Acids	0.66% (min)
Omeg 6:3 Ratio	4.6:1
EPA	0.08% (min)
DHA	0.16% (min)
MOS & FOS	1000mg/kg
Glucosamine	550mg/kg
L-Carnitine	500mg/kg
Taurine	500mg/kg
Chondroitin	300mg/kg
Beta Glucans	250mg/kg
Metabolizable Energy	385kcal/100g

Joint & Mobility
• Omega 3 fatty acids
• Glucosamine & Chondroitin
• Optimal Ca:P ratio

SUITABLE FOR SENSITIVE SKIN
• HIGH DHA & EPA LEVELS
• POLYTRY OIL & VITAMIN E

WELL RECOMMENDED & FEEDABLE

TURKEY & BARLEY FORMULA

MaxiFertile

Omega 3 • Folic Acid • Maca Root

1 Omega-3 Fatty Acids
Supports reproductive health in dogs, enhancing sperm quality and motility in males, and promoting hormone balance and uterine health in females.

2 L-arginine
Significantly aids sperm production and motility in male dogs, while also enhancing blood flow to reproductive organs in both genders, boosting fertility.

3 Zinc
Zinc is essential plays key role in sperm production and testosterone metabolism. In females, it supports proper hormone regulation and follicle development.

4 Vitamin E
Vitamin E, a potent antioxidant, protects sperm cells, enhancing quality in male dogs, and supports uterine health in females for implantation.

5 Folic Acid
Essential for DNA synthesis and cell division, crucial for fertility in both sexes. In males, it prevents sperm chromosomal abnormalities; in females, it supports egg development and implantation.

7 Selenium
Selenium supports healthy sperm production and motility in male dogs and acts as an antioxidant, protecting reproductive cells. In females, it supports ovarian function.

9 Ginseng
Traditionally enhances libido and reproductive performance in both sexes, improving sperm quality and testosterone levels in males and balancing hormones in females.

6 B-vitamins (B6, B12)
B-vitamins are essential for reproductive health in both male and female dogs, aiding hormone regulation, energy metabolism, and DNA synthesis, vital for fertility.

8 L-carnitine
Involved in energy metabolism, improves sperm quality and motility, and supports healthy embryo development in females by aiding fatty acid transport.

10 Maca Root
An adaptogenic herb, enhances fertility in both male and female dogs, improving sperm production and motility in males and supporting hormonal balance and ovarian function in females.

SIZES
250g | 500g | 1kg

Fertility

Active Ingredients per gram

Omega 3 Fatty Acids	80mg
DHA	27.56mg
EPA	16mg
L-Arginine	50mg
Zinc Gluconate	150mg
Selenium	0.007mg
Vitamin E	25mg
Folic Acid	0.625mg
L-Carnitine	100mg
Vitamin B1	10mg
Vitamin B6	1mg
Vitamin B12	0.1mg
Siberian Ginseng	5mg
Maca Root	10mg

Inactive Ingredients:
Rice Flour, Refined Fish Oil, Liver Digest, Egg Powder, Lecithin

Directions For Use:
Sprinkle over wet or dry food. Can be mixed 2/3 MaxiBulk, 1/3 water and dosed with a syringe orally.

Storage:
• Store in a cool, dry place.
• Avoid direct sunlight.
• Store in an airtight container.
• Keep container tightly closed.

As a nutritional aid in optimizing and enhancing overall fertility in both male and female dogs. Careful selection of beneficial and balanced ingredients target both male and female reproductive health.
